

WHAT OUR MEMBERS ARE SAYING

The Chamber of Commerce was incredibly essential in providing information about Covid- relief grants available during a very confusing time. I'm thankful for the continued support and updates over the last few months. As a small business owner, it has been helpful to know we have the support of our community. The Chamber offers unique exposers for our business to our customers and neighbors. Looking forward to working alongside them on future projects.

Our agency is so appreciative of Holton Jackson County Chamber of Commerce. They always have fantastic learning and networking events. They bring a lot of different opportunities for small businesses to grow and provide great resources for our community. Some of our favorite events are the Chamber Luncheons and the Chili Cook-off. The Chamber works so hard to put on the Chili Cook-off event and it shows. We always have so much fun at it. It is a great way for the community to come together on the square. We love their luncheons and come back with new knowledge, and new friends within our community. We have been members for a few years and we appreciate all their dedication to serving our community. We are thankful for our Chamber of Commerce.

Our Response to COVID-19

During the recent COVID-19 pandemic, the chamber has worked diligently to ADVOCATE for members and EDUCATE members to help them navigate resources to help their businesses pivot immediately.

ADVOCATE

During the COVID-19 pandemic, the chamber emerged as a vital conduit of communication between state, federal officials, and our businesses. Chamber leaders from all over are talking with our governor, state legislators, our congressional delegation and senators, commissioners, councilpersons, and many more. We are advocating for the needs of the business community.

EDUCATE

Our chamber staff worked tirelessly to provide the business community with the most current information available to assist them in navigating PPP, SPARKS funding, local resources, and other assistance. We connected our members to many valuable resources and assistance to help get our businesses the relief they needed.
